

CHAPTER 3

GENERAL INFORMATION

3.1 Academic Year

The academic year of the University is divided into 2 semesters each of **15 weeks' duration**.

Written examinations are held either after the 15th week of each semester or at the end of the academic year depending on the Programme of Studies and are usually of two-three weeks' duration.

3.2 Programme of Studies

A Programme of Studies is an approved curriculum, which leads to an award upon successful completion.

A Programme of Studies (e.g. BSc (Hons) Mathematics or BEng (Hons) Civil Engineering) is made up of a specified number of modules, which are drawn from one discipline or field of study or more and which often combine core modules with a range of electives from which students can choose. Each of the modules carries a certain number of credits.

3.3 Modules

A module refers to any discrete and relatively self-contained course unit for curriculum option, each of which is likely to be characterised by a particular content and structure, specific methods of delivery (a combination of lectures, tutorials, practicals and independent learning, or a set of learning-teaching materials) and a particular approach to assessment. It is a subset of a Programme of Studies.

Each module usually consists of an equivalent of 45-90 contact hours comprising lectures, tutorials, laboratory/field work, etc. Students are, however, expected to put in additional work through private study, library work, etc. Each module normally carries 3-6 credits, unless otherwise stated.

Each module can either be taught in one semester (semester module) or throughout two semesters (yearly module).

Each module has a unique code of 4 or 5 digits, #¹#²#³#⁴ or #¹#²#³#⁴(#⁵), representing normally the following:

#¹: Year (y), where $1 \leq y \leq 5$, for undergraduate programmes. For postgraduate programmes, #¹ = 6 or 5 (for some postgraduate modules).

#²: Semester (s), where $1 \leq s \leq 2$; s=0 if module is on offer during both semesters. Some modules may carry digit 3 or 4 corresponding to third or fourth semester.

#³ #⁴: Module number (01-99).

(#⁵): Weighting (w), where $w = 1, 3$ or 5 depending on the module status (Introductory, Intermediate or Advanced). It gives an indication of the notional degree of difficulty or academic attainment expected by the student.

For example, the module CIVE 1101(1) is normally offered in year 1 semester 1, and carries a weighting of 1.

However all modules offered at postgraduate level have the same weighting (w=1).

Some modules are denoted by suffix Y after the fourth digit in the module code, e.g. CSE 1001Y(1). These modules, termed yearly modules, are taught over a period of two semesters and are examined at the end of the second semester only. There are however continuous assessments over the period of two semesters.

Some module codes have an ‘R’ at the end (e.g. FREN 2006Y(3)R). These denote modules, which contain a strong research component and/or a course in research methodology.

Module codes having an ‘I’ at the end (e.g. DFA 1200I) denote modules delivered by mixed mode and having 10 hours face-to-face interaction with a tutor for each credit. Thus a student will have thirty hours face-to-face interaction with a tutor for a module carrying three credits.

Modules can be of different types as shown in Table 1.

Table 1: Types of Modules

Core	Elective/Optional	General Education Module (GEM)
Module that is essential in a particular Programme and must be passed by the student on the Programme.	Module for which the student has a choice to register. In case of failure, the student can either retake the module or register for another elective/optional module that is on offer unless otherwise stated.	Module meant to enhance the student’s knowledge. In most Programmes, the student has to pass in a certain number of GEMs to be eligible for award of degree. Faculties/ Centres will indicate the GEMs on offer each semester/year.
Self-Study	Independent Study	Audit
Under special circumstances, a student may be allowed to complete up to 10% of the credits required for award or its nearest equivalent number of modules (with grades) for both undergraduate and postgraduate Programmes, by self-study. There will be no formal lectures but laboratory work will be conducted, if necessary. Assessment will be based on laboratory work and/or assignments as well as tests and examinations. Self-study modules will be supervised. <i>(to read in conjunction with section 3.3.1)</i>	One elective in the form of project may be offered to students who have already earned at least 75 credits for undergraduate Programmes and 27 credits for postgraduate Programmes subject to recommendation by Department and approval by Faculty/ Centre/ Cluster Board. This elective will carry 3 credits and may be completed in a maximum of 2 semesters. Grade S, U or X will be awarded for Independent Study.	Students who wish to follow specific module(s) or are advised to do so by a Department/ Centre may audit same (i.e. such modules are not examinable for them). However, such modules do not carry any credit nor any grade but would appear in their transcript subject to satisfactory attendance.

Given resource constraints and critical mass consideration, the University does **not** bind itself to offer any specific elective in any Semester/Year.

3.3.1 Procedures for processing requests for Self-Study Modules

- (i) Students’ request may be made to the Head of Department/Programme Coordinator/Dean/Administrative Assistant.
- (ii) Request should be channeled to Programme Coordinator who consults programme structure and seeks views of the Department concerned and a resource person is nominated.
- (iii) Recommendations of the Department together with the name of proposed resource person should be sent to the Faculty/Centre/Cluster Board for approval.
- (iv) If the recommendations are approved, the student should be informed and letter copied to programme coordinator, Head of Department/s, and resource person concerned. As far as possible, the resource persons should be full-time academics.
- (v) If the resource person is a part-time lecturer, the programme coordinator should send a request through the Head of Department to the Dean and Vice-Chancellor for approval of 15 contact hours.

Note: A module can be offered on self-study mode only when it has been phased out and no alternative and/or equivalent module will be run.

3.4 Regulations of a Miscellaneous Nature

3.4.1 Module Registration

- (i) Online module registration will be open two (2) weeks before the start of the semester and kept open till the end of week 2 after the start of the semester for all students except year 1 students.
- (ii) The deadline for late registration/de-registration of modules shall be the end of week 7 of the semester.
- (iii) Students will be responsible for ensuring that they register for the correct modules and that the details entered for the module registration are correct by the time of the deadline.
- (iv) It is the responsibility of the Programme Coordinators to ensure that the students have registered correctly on their respective modules.
- (v) All students must fill in the Student On-Line Feedback Questionnaire as from mid-year or mid semester. They will be given until the end of the module registration period for the following year or following semester to fill in the Questionnaire. Until and unless the Feedback Questionnaire will have been filled in, students will not be given access to the On-line Registration System to register for the modules for the following year or following semester in view of completing registration formalities.
- (vi) An Administrative/Penalty Fee of Rs500/- per module will be charged for late registration/de-registration of modules.

3.4.2 Module Change/Withdrawal

Application for change of module(s) or withdrawal from module(s) could only be considered within four (4) weeks from the start of the semester.

It is to be noted that under the credit system, students who have not withdrawn officially from module(s) within the deadline and who do not sit for the examination(s) in question will be deemed to have failed the module(s). As such, their CPA and GPA will be adversely affected.

3.4.3 Exemption from Module(s)

Application for exemption from module(s) for the whole Programme of Studies could only be considered within **two (2)** weeks from the start of the academic year/beginning of the Programme of Studies.

An Administrative Fee of Rs1,000/- per module will be charged for the processing of requests for exemptions. No refund of tuition fees will be granted for exempted modules, with the exception of UoM modules. Similar/equivalent modules from UoM or other institutions will not be considered for refund.

Application for exemption on a piece-meal basis would not be entertained.

Exemption would be granted for not more than 50% of the taught modules, excluding the project/dissertation, constituting a Programme of Studies.

The student must have scored at least a grade 'C' in the relevant module.

The general principle governing exemption would be that the Exemption Committee of the relevant Department/Centre should be satisfied that there are no significant differences in the two syllabi in terms of level and depth of coverage and assessment.

A module cannot normally be exempted when the time lapse between the date when the module was passed and the date when exemption is being claimed for that module exceeds 7 years.

Note that the grade and/or mark previously obtained for any exempted module(s) will not be considered in the computation of the Cumulative Point Average (CPA), Grade Point Average (GPA) or the Level/Year Point Average (LPA/YPA) to determine the student's academic standing.

3.4.4 Transfer from one Programme to another within a Faculty/ inter-Faculty/ Faculty-Centre

Application for transfer from one Programme to another within a Faculty or inter-Faculty or Faculty-Centre could be considered within four (4) weeks from the first day of class of Semester 1 Year 1, provided that the student has either secured a seat on the Programme or satisfied the General Entry and Programme requirements and the list of qualified applicants has been exhausted, and subject to approval by the Dean/ Director.

3.4.5 Change of Programme of Studies (after one Academic Year)

Students wishing to apply for a change in Programme of Studies after 2 Semesters should do so not later than two (2) weeks upon issue of transcripts of results at the end of Semester 2, provided:

- (i) the student has been examined during Semesters 1 and 2 and that his/her registration has not been terminated;
- (ii) the student had originally applied for the Programme;
- (iii) the student had been offered a seat on the Programme; and
- (iv) Any request for change of programme of studies should be fully discussed and ratified at the level of Faculty Board/LLC Board/Board of Studies and Teaching & Learning Committee to be informed accordingly.

If modules that have been examined and taken by the student are common to both programmes and these modules amount to ≥ 18 credits, the grades/marks obtained by the student in these modules, irrespective of the grades/marks obtained, would be considered in the computation of GPA, CPA, LPA/YPA to determine the student's academic standing.

If modules that have been examined and taken by the student are common to both programmes and these modules amount to < 18 credits, the grades/marks obtained by the student in these modules, irrespective of the grades/marks obtained, would not be considered in the computation of GPA, CPA, LPA/YPA to determine the student's academic standing. However, the student, if s/he wishes, may be exempted in module(s) for which Grade C or above has been obtained.

A student deciding to shift from one programme to another after having followed the initial programme over one or two years, will be required to pay a fixed penalty fee of Rs 20,000.

3.4.6 Review of Examination Scripts

Requests for review of examination scripts from students should be lodged within one (1) week of receipt of the transcript by filling in the 'Students Review Form' (SRF), available at the Examinations Office, and submitting same to the said Office. A fee of Rs 1100 is payable for each module to be reviewed. The whole amount will be refunded to the student if the latter's grade is improved following the review of his/her examination script(s).

The Examinations Office will inform the student of the outcome of his/her request for review within 4 weeks from the receipt of the application for review and take any action, if necessary, with respect to refund of the fee to the student.

3.5 Interruption of Studies

A student could be allowed to interrupt studies for a period of two (2) semesters, renewable for one more period of up to two (2) semesters, under emergency (unforeseeable) grounds, e.g. medical, or non-emergency (foreseeable) grounds, e.g. professional obligations or financial constraints, subject to approval by Faculty/ Centre/ Cluster Board and the T & L Committee. However, these semesters would be considered as semesters completed with regards to the maximum period allowed for the Programme of Studies. To be eligible for interruption of studies, students should have successfully completed at least one (1) year of study in the appropriate Programme of Studies.

Evidence in the form of certified/ valid documents supporting the grounds (emergency and non-emergency) for interruption of studies should be produced wherever applicable and obtainable.

The deadline for applying for an interruption of studies on non-emergency grounds is end of week 8 of any semester.

In case of interruption of studies in the final year, a student must submit a new dissertation or project.

3.6 Progress from Year to Year

(i) Pre-requisite (PR), Pre-requirement (PQ) and Minimum Requirement (MR) where applicable, should be strictly followed.

(ii) **Termination of Registration**

Registration would be terminated if

- (a) the CPA of a student remains below 40 for two consecutive registered semesters, unless decided otherwise by Senate (applicable to students following Programmes of Studies abiding by semester regulations); or
- (b) the CPA of a student remains below 40 at the end of an academic year and s/he has already repeated one year of study, unless decided otherwise by Senate (applicable to students following Programmes of Studies abiding by yearly regulations).

Refer also to Section 2.2.

(iii) **Interruption of Studies**

Under special circumstances a student could be allowed to interrupt studies for a period of 2 semesters, renewable for one more period of up to two semesters (Refer to section 3.5 above).

(iv) **Specific Rules**

These rules are applicable to certain Programmes of Studies/ Faculties/ Centres. Consult relevant Faculty/ Centre Handbooks for further information.

3.7 Facilities

3.7.1 First Aid

The First Aid Post of the University is open to all staff and students. It offers services including general nursing, first aid, nutrition and dietary advice and sexual health information. The opening hours are from 8.30 a.m. to 4.00 p.m.

Time	Monday	Tuesday	Wednesday	Thursday	Friday
AM 9.00 – 12.00	Community Health Nurse	Nutritionist			Community Health Nurse
PM 1.00 – 3.00	Community Physician	Gynaecologist Alternate weeks	Psychologist		

Any emergency case encountered after 4.00 p.m. is referred to the Clinique Mauricienne.

3.7.2 Library (Refer to Chapter 15)

The opening hours of the library are as follows:

Weekdays	8.00 a.m. - 8.00 p.m.
Saturdays	8.00 a.m. - 1.00 p.m.

(The opening hours may change on the decision of the Chief Librarian).

3.7.3 Sports and Games

The Sports Unit provides a wide range of activities comprising indoor and outdoor games. Most of the activities are carried out in the University Campus (Students' Centre, Maryse Justin multi-purpose stadium and University multi-purpose Gymnasium). A calendar of sports and games activities is drawn up each academic year and students willing to take part in such activities may contact the Sports Organiser at the Sports Unit.

A Sports Committee chaired by an academic staff oversees the sports and games activities.

A Sports & Activity Week organised by the Students' Union is normally held in the 9th week of the second semester.

3.7.4 Student Counselling Unit

A team of counsellors comprising of clinical psychologists and social workers are available at the University to assist and support students on personal, educational, vocational or social matters.

3.7.5 Students' Union (Refer to Chapter 19)

The Students' Union was established in 1971 and is the official organisation of the students of the University. It is the centre of the students' non-academic activities. In addition to acting as representative body in all matters of the students, the Students' Union also promotes and provides for the welfare and the social, cultural and educational activities of the students.

A wide variety of clubs and societies, affiliated to the Students' Union, have been set up to meet the educational, cultural, social and recreational affiliations of the University students. Interested students should contact the Students' Union Office or consult the Students' Union webpage.

3.7.6 Cafeteria

A fairly spacious cafeteria is situated in the University Campus, providing amongst others hot meals, vegetarian and non-vegetarian menus, tea/coffee and pastries.

3.7.7 Photocopy and Laser Printing

Photocopying facilities are available to students against payment at the Students' Centre and library.

On the other hand, laser printing facilities are available to students against payment at the Centre for Information Technology and Systems (CITS).

3.7.8 Bookshop and Banks

An on-campus bookshop sells a range of university textbooks and stationery. Two banks are located on the campus providing a host of facilities including ATMs.

3.8 SWEP

The University of Mauritius Student Work Experience Programme (SWEP) was launched in 1999 in order to help University students acquire meaningful skills and experience from the world of work and thus enrich their academic training. SWEP is a 6-8 week training programme in an industry or organisation during the long vacation (End May to end July). It is designed to expose students to short work placements, real life tasks and activities, which are vital elements in today's competitive business environment. In principle, it is meant for students following Programmes of Studies, which do not provide for industrial training/placement.

3.9 Industrial Placement/ Practical Training/ Practicums

All four-year Programmes of Studies at the Faculty of Engineering include an Industrial Placement whereby students are attached to the industry for a minimum period of 20 weeks. Practical Training or Placements are also included in other Programmes of Studies offered by other Faculties/ Centres (refer to Information on Programmes Handbook(s)).

3.10 Work-Based Learning (WBL)

The Work-Based Learning Project has been designed to offer all undergraduate students credit bearing work-based learning experience of a minimum of six (6) weeks' duration in each academic year. This will enable the students to engage in real work-related activities and develop competence in stipulated core skills. Six (6) credits are allocated to work-based learning in lieu of Electives and GEMs in all undergraduate programmes. The performance of the students in work settings will be assessed progressively at levels 1, 2 & 3 using an assessment tool and portfolio specifically designed for this purpose. Successful students will accrue the allocated credits. This will enhance the undergraduate students' fitness for practice, purpose and award, thereby enhancing their employability and employment prospects by bridging the theory-practice gap. Work-Based Learning Mentors will be responsible for the facilitation, support and assessment of the work-based learning.

3.11 Mode of Delivery

A range of modalities (face-to-face lectures, mixed mode/blended distance/on-line education, seminars, workshops, study visits, practicals, use of ICT and other modern technology) is utilised to maintain and enhance the effective delivery of modules.

Most modules are delivered on a face-to-face basis. However, some modules are delivered by mixed mode (distance education or on-line education). These are indicated by letters D.E. and O.E. respectively in the "Information on Programmes" Handbook(s).
