

Diploma/ BSc (Hons) Social Work – SH410

1. Objectives

The BSc (Hons) Social Work aims to prepare students for professional practice in a variety of settings in conformity with the International Code of Conduct and Practice for Social Workers. The programme is designed to incorporate the training issues and concerns raised by the International Association for Schools of Social Work and therefore the programme is heavier compared to most of the other degree programmes.

The BSc (Hons) Social Work programme has the following learning outcomes:

- (a) Understanding of theories about human development and behaviour and social research methodology;
- (b) Development of knowledge and skills in the practice of social work methods. Specifically, produce social work practitioners who are accountable, reflective and function in a self-critical manner, sensitive to cultural diversity and impact of injustice and inequality on individuals;
- (c) Produce graduates with high-level transferable skills in critical reasoning and problem-solving, as well as more generic skills such as time management, communication, problem solving skills, and able to perform at regional and international levels;
- (d) Development of management and planning abilities for social work/social policy domains.

2. General Entry Requirements

In accordance with the University General Entry Requirements for admission to undergraduate degree Programmes.

3. Programme Requirements

Credit in English Language at SC/ GCE 'O' Level or equivalent.

Preference will be given to candidates having relevant experience in social work as volunteers and/or practitioners.

4. Programme Duration

	Normal	Maximum
Diploma:	2 years	4 years
Degree:	4 years	6 years

5. Minimum Credits Required for Awards

Degree - 119

Diploma - 77

Breakdown as follows:

CREDITS FROM				
	Core Modules	Electives	Dissertation	GEMs
Degree	89	18	6	6
Diploma	65	6	-	6

6. Credits per Year

Minimum 18 credits, Maximum 48 credits subject to regulation 4.

7. **Assessment**

Each module will be assessed over 100 marks with details as follows (unless otherwise specified):

Assessment will be based on a written examination of 3-hour duration for modules carrying six credits and normally a paper of 2-hour duration for modules carrying less or equal to three credits.

Some modules may be assessed by continuous assessment alone.

Written examinations for all modules, will be carried out at the end of the academic year except for GEMs and D.E. modules (unless otherwise stated). Relevant information will be provided to the students prior to delivery of the modules.

The continuous assessment will count for 20-30% of the overall percentage mark of the module, except for a module where the structure makes for other specific provision(s).

Continuous assessment may be based on laboratory work, seminars and/or assignments and should include at least two(2) assignments/tests per module.

A minimum of at least 30% should be attained in each of continuous assessment and written examination, with an overall total of 40% for a candidate to pass a module.

Special examinations (e.g. class tests) will be arranged at the end of semester 1 or semester 2 for exchange students who have registered only for one semester. In case of yearly modules, credits will be assigned on a pro-rata basis.

8. **Submission Deadline for Dissertation**

Final copy: To be submitted on the last working day of March of the academic year.
