### **a** MA Economics (Collaborative Programme)

The MA Economics (Collaborative Programme) is a high-calibre, 2-year extended Masters programme in Economics offered by the University of Mauritius in close collaboration with the African Economic Research Consortium (AERC – website: [www.aercafrica.org](http://www.aercafrica.org)), a public, non-profit making organisation devoted to advanced economic research and training, based in Nairobi, Kenya. Students will spend their first year at the University of Mauritius, where they will take 3 core modules and sit for the examinations (around May 2021). On successful completion of the core modules, students will travel to Nairobi late June 2021 to take 2 elective modules over one semester at the Joint Facility for Electives (JFE), Nairobi. Finally, they will return to the University of Mauritius to prepare their MA thesis during the 4th semester.

Please note that due to limited budget, AERC will be able to fund only ten (10) year 2 students to complete the joint facility electives in Nairobi. The ten students (including foreign students) will be selected on the following criteria:

- They have passed all the CORE modules in year 1 at the University of Mauritius;
- Based on their performance in the first year here the CPA will be used as an indicator.

Non sponsored students (including foreigners) will have to self-finance their travel expenses to Nairobi and accommodation costs.

### **b** Master of Regional Integration (Online)

The Master of Regional Integration is a professional fully online course in collaboration with COMESA. It offers practical skills and tools for policy development with a view to support trade negotiations and the process of regional integration in Africa. It provides a distinct opportunity to deepen knowledge and gain expertise in this area of growing significance for African development. This is a unique programme for students intending to work as policy analysts, advisers, researchers, private sector trade practitioners; media practitioners specialising in business, gender, climate change and trade issues; consulates and other diplomatic missions and development organisations.

**Note: Most programmes are under review**

## **FEES**

The University reserves the right to review General Fees, Tuition Fees and other charges for any given academic year prior to the beginning of such academic year. By accepting a seat at the University, the student undertakes to pay all such fees as and when claimed.

**FEES ARE AVAILABLE AT THE FOLLOWING LINK :**
