Enterprise Systems

Enterprise system or

an ERP (Enterprise Resource Planning) system

An integrated enterprise-wide business application

Why Enterprise Systems for Africa?

Organisations across Africa struggle to effectively implement and use enterprise systems mainly due to:

- A lack of IT skills, in particular:
  - o Business Analysts and
  - o ERP consultants
- A lack of management understanding of enterprise systems
  - o Accountants
  - o Engineers
  - o General Management

Learning ERP has its rewards

Student Feedback

- Knowledge on ERP and business perspective

- Case Study & hands-on are very helpful

- Challenging & enriching experience

- Learn basics of the SAP S/4HANA system.

- Potentially improve employability

- Better job performance

Companies such as Deloitte and EY are recognizing ESEFA

A few SAP Customers in Africa's economy
