**BORDERLINK**

Build a world where children can live positive  
and inspiring lives

<https://www.borderlink.co.jp>

Borderlink, Inc. was founded in 2000 and through the years has been working to support and provide quality English education services to schools and municipalities throughout Japan. Today, we work with over 130 cities and employ over 1200 ALTs. We are proud to be one of the largest and well recognized ALT dispatch companies in the country.

Through English language education, we are committed to broadening children's horizons, fostering interest in and understanding of diverse values and helping to build a society free of conflict and discrimination.

# WHAT WE DO

## ■ALT Dispatch Service

Provide schools with excellent ALTs, who work with Japanese teachers toward common educational goals.

**ALTs are Assistant Language Teachers that work in public elementary, junior high, and senior high schools across Japan.**

## ■Teachers Workshops

We promise to improve the English operational and teaching skills required of Japanese teachers, through face to face or online training by a team comprised of a trainer and a coordinator.

## ■Developing English Teaching Materials

We support students' learning by providing variety of original lesson plans for effective team teaching for ALTs and Teachers.

## ■English Events & Camps

We organize and implement various types of fun English Events and camps.

## ■Online Lessons

With our affiliated company in the Philippines, we provide high quality man to man online English lessons for junior high school students.
