

Maxiwear Ltd is hiring a Product Developer

Established in 1996, Maxiwear Ltd is a supplier of light knitted garments to fashion distributors and retailers overseas. We supply Europe, South Africa and America with a wide range of light knitted garments. We produce clothing for the ladieswear, menswear and childrenswear markets – ranging from semi-fashionable t-shirts to high value-added designer wear.

Situated at Industrial Zone, Piton Mauritius

Duties are as follows:

- Responsible for product creation off tech packs from design hand-off to production.
- Manage the fit and evaluation of prototypes ensuring all products meet customer standards and expectations
- Liaise with technical team and suppliers to develop new trims, construction techniques, and processes to create innovative and technically superior products.
- Ensure greige, fabric and sample orders are placed according to the seasonal calendar to achieve required deadline dates.
- Maintain and leverage strong partnerships with our suppliers.
- Ensure products pass risk analysis and meet appropriate safety standards.
- Ensure seamless communication with customers, factory and suppliers.
- Drive multiple project timelines and ensure internal team makes decisions as needed to meet product creation and production deadlines.
- Execute seasonal costing process.
