👨‍💻 Junior Software Developer – Entry Level / undergraduate Graduate or postgraduate

Location: Pailles
Job Type: Full-Time
Company: JK Innovative Solutions
Start Date: 15 juillet 2025
Application deadline: 30 june 2025

🎯 **Role Overview**

We are looking for a motivated and enthusiastic Junior Software Developer to join our team. This is an excellent opportunity for a recent graduate or final-year student to gain hands-on experience in real-world projects while being mentored by experienced professionals.

🔧 **Key Responsibilities**

Assist in the design, development, and testing of software applications

Collaborate with other developers and team members on technical solutions

Debug, troubleshoot, and maintain code

Participate in code reviews and contribute ideas for improvements

Stay updated on new technologies and best practices

🧠 **Required Qualifications**

Final-year student or recent graduate in Computer Science, Software Engineering, or a related field

Solid understanding of programming concepts, data structures, and algorithms

Proficiency in at least one programming language (e.g., Python, Java, JavaScript, C#, C++)

Familiarity with databases (e.g., SQL, MongoDB) and Git version control

Experience working on academic, personal, or internship software projects

🌟 **Preferred (Nice-to-Have)**

Exposure to web development frameworks

Understanding of Agile/Scrum methodologies

Basic knowledge of cloud platforms

A portfolio or links to past projects

🤝 **What We Offer**

Mentorship and on-the-job training

Flexible work environment

Opportunity to work on real client projects

Career growth and development opportunities

A friendly and supportive team culture

📧 **How to Apply**

Please send your CV, and a short cover letter to
 Adm.icsolutions@gmail.com with the subject: "Junior Software Developer Application.
