

## KAZIBAO LTD (ORCHESTRA) is hiring a Garment Tech

Kazibao Ltd, is a France-based company that is primarily engaged in the design and retail of clothing, shoes and accessories for children from birth to the age of eight. The Company sells products through their own franchised shops, such as Premaman stores, which offer the Company's most popular products; Megastore Premaman 2 stores, which provide the entirety of the Company's collections, and Maternity stores, which offer products for expecting mothers. The Company's stores are in more than 30 countries.

Situated at Grand Baie La croisette, Mauritius

Duties are as follows:

### **Main Responsibilities:**

- You will be responsible for developing the garments you follow, ensuring deadlines are met:
- Preparing the measurement chart.
- Providing SMS comments aligned with the style comments from the head office in France. Additionally, you will ensure the fit and finishes of the product, taking into account production risks (e.g., seam slippage, shrinkage, colour bleeding, etc.).
- Writing SSS comments to ensure grading is correct and that the modifications requested in the SMS are accurately implemented.
- Collaborating with QC to write PPS comments and ensure product conformity before production launch.
- Ensuring compliance with industry standards.

### **Additional Responsibilities:**

- Analyzing the Technical File (construction, standards, production risks, feasibility) and providing suggestions to improve the product in collaboration with the designers.
- Updating tracking tools.
- Sending comments and following up with suppliers (via email, Teams, pattern modifications/approvals).

### **Job Constraints:**

- Strict adherence to deadlines & Compliance with standards.

**Key Skills for the Role:**

- Strong knowledge of pattern making and the ability to analyze garment fit issues and translate them into pattern adjustments.
- A keen eye for product quality.
- Enjoy working in a team and being receptive to others' input.
- Comfortable with cross-functional communication: internally, with headquarters, and with suppliers.
- Proficiency in computer tools; knowledge of Illustrator is a plus.
- Fluent in both English and French is mandatory.
- Highly organized, reactive, and detail oriented.
