

Accenture Services Ltd is hiring a **Data Analyst!**

Accenture is a global professional services company with leading capabilities in digital, cloud, and security. Combining unmatched experience and specialized skills across more than 40 industries, we offer Strategy and Consulting, Interactive, Technology and Operations services—all powered by the world's largest network of Advanced Technology and Intelligent Operations centers. Our 699,000 people deliver on the promise of technology and human ingenuity every day, serving clients in over 120 countries.

Situated at: 3rd Floor, 1 Cybercity Building, Wall Street, Ebene

Duties are as follows:

- **Data Synthesis:** Extract and analyze data from various engineering systems to identify trends in Manufacturing or Quality domains.
- **Visualization:** Develop automated dashboards and reports using tools like Power BI, QlikSense, or Looker Studio.
- **Decision Support:** Transform raw data into high-impact PowerPoint presentations for executive-level decision-making.

Qualifications & Skills

Educational Background:

- **Engineering:** Degree in Aerospace, Mechanical, Industrial, or Manufacturing Engineering.
- **IT & Systems:** Degree in Information Systems, Computer Science, or Business Informatics.
- **Business & Management:** Degree in Project Management, Supply Chain, or Quality Management.

Technical Toolkit:

- **Proficiency:** MS Office (Excel/PowerPoint) and Google Workspace (Sheets/Slides).
- **Programming & Automation (Highly Desired):** Experience with SQL, Python, VBA, AppScript, or TypeScript to automate repetitive tasks.
- **Business Intelligence:** Exposure to Power BI, QlikSense, or Looker Studio.
- **Systems:** Familiarity with ERP systems (SAP preferred) or MS Access for database management.

Languages & Soft Skills:

- **Bilingual:** Professional fluency in **English and French** (written and verbal).
- **Adaptability:** Ability to pivot tasks week-to-week based on shifting project priorities.
- **Precision:** High attention to detail with a focus on accuracy in reporting.

Duration: Full time
