

YA Technologies Ltd is hiring!

YA Technologies Ltd is a Mauritius-based iGaming operations consultancy delivering strategic brand management, creative production, and digital marketing services across multiple international markets. Our portfolio spans six competitive markets across Africa and the Middle East, serving premium brands in the online gaming, prediction markets, and lotteries sectors. We specialise in culturally-grounded social media strategy, multi-market campaign execution, influencer coordination, and high-velocity creative production. Our team collaborates across design, marketing, analytics, and product development to deliver data-informed, visually distinctive campaigns that drive engagement and revenue across diverse geographies and audiences. / Sector of Activity: iGaming Operations Consultancy and Creative Services

YA Technologies Ltd, Triolet, Mauritius

Duties are as follows: Design and create social media content including posts, stories, reels, and video covers for multiple international brands across six markets. Produce high-impact campaign visuals for large-scale seasonal marketing campaigns and brand activations. Contribute to comprehensive branding work including logo design, brand assets, and both digital and print collateral. Create motion graphics, animated posts, and short promotional videos using animation principles and motion design tools. Collaborate with marketing and product teams to ensure visual consistency and brand integrity across all markets and platforms. Manage content calendars, coordinate with country managers and influencers, and deliver assets within fast-paced production timelines.
