

List of MQA Approved Short Courses - Period July 2023 to June 2024

3D Printing: Beginner's Guide to Additive Manufacturing and Product Design using Ultimaker Cura Slicer & Fusion 360

AutoCAD 2D & 3D Essentials

CAD Technician in Building

Revit Architecture

Photovoltaic Energy Systems Short Course

"What is a just, orderly and equitable transition?": Energy Audit and Management for Companies

Fundamentals of Machine Learning and AI with Web Application Development

Aviation Technology: An Introduction to Aircraft Systems, Manufacturing, Project Management and Technical Communications (*HRDC-funded, GTES*)

Lir ek Ekrir Kreol Rodrige- Kour Fondasion

Lir Ek Ekrir Kreol Rodrige- Kour Kominikasyon ek Administrasyon

Short course "Fundamentals of AutoCAD for Solid Modelling"

Soft Skills for Supervisors Training Programme

Lir ek Ekrir Kreol Morisien-Opion Media ek Communication

Lir ek Ekrir Kreol Morisien-Opion Administrasyon

Lir ek Ekrir Kreol Morisien-Opion Gran Piblik

Lir ek Ekrir Kreol Morisien-Kour Fondasion

Project Appraisal Techniques

Fundamentals of Satellite Based Earth Observations in Monitoring the UN Sustainable Development Goals

Design of fire hydrant and hose reel systems for buildings

List of MQA Approved Short Courses - Period July 2023 to June 2024

CCNA: Enterprise Networking, Security and Automation (ENSA) - Batch 2024 A

CCNA: Introduction to Networks (ITN) - Batch 2024 A

CCNA: Switching, Routing and Wireless Essentials (SRWE) - Batch 2024 A

AutoCAD 2D & 3D Essentials

Design of fire hydrant and hose reel systems for buildings (2nd batch)

Project Appraisal Techniques (Batch 2)

Capacity Building for the Apparel Industry

Project Appraisal Techniques (Batch 3)

Design of fire hydrant and hose reel systems for buildings (3rd Batch)

Implementing ISO9001:2015 Quality Management System

Photovoltaic Energy Systems Short Course

Revit MEP Professional Design and Modelling Course
